## DEPARTURE OF TROOPS

Special Trains Take Most of the Soldiers Away From Frankfort.

## ACCESS TO THE LEGISLATIVE HALLS.

It Is Not Known Whether the Democratic Members at Louisville Will Adjourn Session and Go to Frankfort.

Frankfort, Ky., Feb. 12.—All day long troops have poured out of Frankfort on special trains, and now only the soldiers from Covington, Newport, Lexington and Morgantown are camped in the capitol square.

Governor Taylor remained quietly in the executive mansion, and did not visit his office, giving himself a day of rest, of which he stood greatly in need. Adjutant General Collier said that only a few companies of infantry would be kept on duty here for a short time, to do police work around the capitol square and guard the capitol building. They would, he said, interfere in no way with the actions of the members of the legislature. Access to the legislative halls would be as free and unrestrained as it was before Governor Taylor issued the proclamation declaring Frankfort in a state of insurrection.

The members of the Republican legislature were expected to arrive from London, Sunday, but word was brought that they had spent the day in an excursion to Cumberland Gap, and did not, for the most part, arrive until 10 a. m. Six Republicans came in on the night train from London.

No intimation has been received here as to whether or not the Democratic members of the legislature would adjourn their session at Louisville and come to Frankfort to take part in the general session. It is believed here, however, that they will do so, probably by the latter part of the week.

### Exodus to Frankfort.

London, Ky., Feb. 12.—The exodus of the legislators to Frankfort makes this place seem deserted. The opinion was generally expressed by the members that no trouble will occur when the legislature is convened at Frankfort.

### Still Fast Aground.

New York, Feb. 12.—The sea is growing rougher and the Gate City is still fast aground off East Moriches, L. I., where she struck on Thursday night. The outlook is considered bad now. Sixteen men of the crew were brought ashore so as to make the work of taking off the remainder in case of immediate danger as easy as possible. The men landed in the breeches buoy. Captain Googins of the Gate City, and 20 of his men, remain on board assisting the wreckers in the endeavor to float the vessel. Desperate efforts to accomplish this will be made at high tide.

### Sang Revolutionary Songs.

Paris, Feb. 12.—The funeral of the Russian Nihilist, Peter Lavrosi, was the occasion of a big Socialist demonstration. Delegates representing revolutionary associations in all parts of Europe attended and marched in a long, tumultuous procession from his late residence on the Rue St. Jacques, to the cemetery of Montparnasse. The advance of the demonstration was marked by unceasing and increasing shouts of "Viva le communie" and "Vive l'anarchie," and the singing of "La Carmagnole," and other revolutionary songs.

### Train Robbers Foiled.

Perry, O. T., Feb. 12.—An attempt to hold up southbound passenger train No. 405 on the Atchison, Topeka and Santa Fe railway, was made just after the train left the coal chute a mile north of Perry. Some one pulled the bell cord and the train was slowing down when the engineer noticed several masked men standing near the track. The engineer opened the throttle and the train dashed by the would-be robbers, who made a futile attempt to board it. Officers are in pursuit of the robbers.

### Anti-Trust League.

Chicago, Feb. 12.—A number of notable delegates arrived to participate in the three days' conference under the auspices of the National Anti-Trust league. M. L. Lockwood, president of the league, said the volume of business to come before the conference was so great that sessions might have to be extended beyond time originally intended. Mr. Lockwood will open the conference and Mayor Carter Harrison will deliver the address of welcome.

### Cigarmakers Resume Work.

Havana, Feb. 12.—The strike of cigar makers was settled. The men asked on what conditions they could

return to work, and the masters replied that they could return on the conditions existing before the strike. This reply they accepted, and on Tuesday they will return. The Herald tells Samuel Gompers to return to the United States, declaring that he came here with the intention of creating disturbances.

### BURNING ARROWS.

#### Filipinos Make Life Miserable For Americans In Native Towns.

Manila, Feb. 12.—Of late the insurgents in Albay province, Luzon, have adopted harrassing tactics against the towns which the Americans have garrisoned. They camp in the hills and maintain a constant fire upon the American outposts. When the troops rally against them, they scatter, returning when the Americans retire. They shoot burning arrows, and have thus burned a large part of the town of Albay. Indeed, most of the larger towns in that province are practically deserted, except by the garrisons. Scarcely any of the inhabitants return to their homes. They are camping in the interior, and it is supposed armed insurgents prevent them going back. It is reported that there is much suffering among them, owing to lack of food. As a result of these conditions the hemp business in that section is seriously hindered, and ships going for cargoes are compelled to take gangs of coolies to do their loading. Hemp held in the interior is quite inacces-

#### Gathering of Republicans.

Cincinnati, O., Feb. 12.—Many leading Republicans are here for the fifteenth annual state convention of the Ohio League of Republican clubs, which assembled at 10 a. m. Among those present are Senator Foraker, who speaks on "Our New Possessions" at the Lincoln day banquet; Hon. H. M. Daugherty, who was the leading opponent against Governor Nash at the last state convention; President Goldenbogen, and other officers of the Ohio Republican league; Republican officers and members of the Ohio legislature, and others. Former Governor Bushnell and Ohio Republican members have also arrived. Governor Nash was unable to attend. Former Governor Bradley, after arguing the Kentucky injunction suits in the federal court, is expected to speak on the Kentucky situation. Hon. D. Q. Morrow, a leading Republican at Hillsboro, the former home of Senator Foraker, is considered the leading candidate for president, while it is thought Secretary Speelman and Treasurer Carr will be re-elected.

#### Declared Unconstitutional.

Topeka, Kan., Feb. 12.—The state supreme court, in the case of the Atchison, Topeka and Santa Fe Railway company against I. P. Campbell, has handed down a decision holding the act of the legislature requiring railroads to furnish free transportation to shippers of live stock to be unconstitutional. The court was unanimous, and its decision reverses both the appellate court and the Sedgwick county district court. It was passed by the Populist legislature in 1897.

#### Negro Murderer Killed.

Hopkinsville, Ky., Feb. 12.—At Cherry Station, Tenn., just across the Kentucky line, Jim Gordon, a negro farmhand, enraged because Mrs. George Rollins, a highly respected white woman, refused to give him some money, savagely attacked her, and cut her throat with a butcher knife. Her screams were heard by her husband, who shot the negro twice and beat out his brains with the gun butt. Mrs. Rollins died in a few minutes.

#### A Serious Explosion.

Fostoria, O., Feb. 12.—An explosion occurred in the powder room of the Columbia firecracker works, wrecking a large part of the factory and burning and otherwise injuring six employees. Dell Everhart, the mixer of explosives, was probably fatally injured.

Frank Decker, Will McMeen, Jacob Omber and Croup, employees, and Frank Dutcher, a visitor, were badly burned and hurt by falling walls.

#### New Incorporations.

Columbus, O., Feb. 12.—Board of Trustees for Enterprise Society of Delta Circuit, Church of the United Brethren in Christ, Delta; Greenhut & Stottor company, Cleveland, \$50,000; Sandusky Banking company, Sandusky, \$18,000; Sandusky Automobile Manufacturing company, Sandusky, \$5,000.

#### A Serious Charge.

Thompsonville, Conn., Feb. 12.—Robert Spencer, the cashier of the banking firm of R. & D. Spencer, which went into bankruptcy in the United States court at Hartford Monday, with liabilities of about \$105,000, was arrested on a charge alleging the misappropriation of funds.

## ROBERTS AT THE FRONT

### Field Marshal of the English Forces Reaches Modder River.

### THE BOERS OUTFLANK THE BRITISH.

#### Reports From the Scene of War in South Africa Show That Both the Opposing Armies Are Active.

London, Feb. 12.—The war office has issued the following dispatch dated from the general commanding at Cape Town:

"Clements reports from Rensburg that on Friday, Feb. 9, the Boers tried to turn his right flank, but were beaten off. Position maintained. Casualties small. "Kimberley reports that the Boer fighting force was apparently increased on Wednesday, Feb. 7. Next day the Boers commenced the construction of trenches to the east, nearly parallel to the Glacis and 400 yards from the Premier mine. A native reported that he accompanied some Boers while flanking for Kimberley, carrying with them a six-inch gun and a quick firing field gun. The former opened fire on Kimberley. Otherwise the situation is unchanged."

#### Boers Outflank British

Rensburg, Feb. 12.—The Boers outflanked the British here Saturday. A considerable force of the enemy was threatening the British communications between Rensburg and Slingersfontein, 12 miles away, and during a reconnaissance by some Inniskillings and 20 Australians from Slingersfontein, the Boers were discovered attempting to get a gun in position to shell the British camp. The Australians, having come into very close contact with the enemy, took cover under a hill about 9,000 yards from the camp. Thereupon the Boers took up a position with a view of preventing their retirement. Some burghers got within 200 yards of the Australians and called upon them to surrender. They replied by fixing bayonets and shouting defiance. Sergeant Edwards and two men made a dash, and, galloping under a hot fire, passed a number of hills held by the Boers, took word that the Australians were safe and confident of holding the enemy at bay and of getting out after dark, which eventually they did. The Inniskillings prevented the enemy getting their guns in position. The Australians lost one man killed and three wounded.

#### Watching the Boers.

London, Feb. 12.—The Pietermaritzburg correspondent of the Daily Mail, telegraphing, says: "The Boers have occupied Bloy's farm, south of the Tugela, which is under an hour's ride from Chieveley, and have turned the homestead in to a hospital. On the farm are hills commanding both bridges over the Tugela, as well as Forts Wylie and Molyneux, and from which a view of Bulwana and Ladysmith is obtainable. There is much apprehension here regarding the Boer movements, and the authorities are on the alert."

#### Expect to Be Shelled.

Modder River, Feb. 12.—Apparently the Boers have brought all their big guns from Mafeking to shell Kimberley. Our naval guns shelled Mafersfontein, but the Boer guns were silent. It is supposed that the enemy have withdrawn their artillery. They are blowing up the permanent way beyond Morton Siding. The Boers still man their trenches, but their numbers are apparently reduced. The bulk of their force has gone to Kimberley or toward our flank.

#### Junior Officers Involved.

Cairo, Feb. 12.—Official investigation shows that only a few Egyptian officers, all of them young men, were involved in the trouble with the two Soudanese battalions, whom they had advised to obey the order to give up cartridges. It seems that the implicated officers had become excited over Anglophobe articles, published by the Liwa, which praised the Transvaal and advised the Egyptians to take advantage of British distractions in South Africa.

#### A Dozen Dead Boers.

Modder River, Feb. 12.—The Highlanders have returned. Before retiring they found the bodies of 12 Boers. They believe the losses of the enemy were heavier than those of the British, because it is known that, in addition to the dead Boers found, several had been buried.

#### Lord Roberts at Modder River.

Modder River, Feb. 12.—Lord Roberts is here. Upon appearing before the troops on Friday he was enthusiastically cheered. He visited the camp of

the Highland brigade and complimented General MacDonald and his men on the steady conduct at Koedoesberg drift.

#### To Outflank Buller.

Durban, Feb. 12.—It is rumored here that General Joubert is marching with a column of 6,000 men to outflank General Buller.

#### FORECAST IN CONGRESS.

#### The Currency Bill Will Be Disposed of in the Senate.

Washington, Feb. 12.—The first four days of the week will be given up to the currency bill in the senate, and after that measure is disposed of there will be a contest for precedence in the interest of several measures.

These include the bills for providing forms of government for Hawaii and Porto Rico, the Nicaragua canal bill and the resolution for the seating of Senator Quay upon the appointment of the governor of Pennsylvania. Just now there is some sharp sparring for first place. The currency bill will be voted on Thursday, and all the time not given to such routine business as the introduction bills and the presentation of reports and petitions, will be devoted to this measure until it is acted upon by the senate. The first two days of the week will be consumed with set arguments for and against the bill, prepared in advance, and Wednesday and Thursday will be devoted to speeches not exceeding 10 minutes in duration on the various amendments to the bill.

The most important of these amendments is that offered by the Democrats through Senator Jones (Ark.) for the free coinage of silver on terms of equality with gold. Following this, numerous other changes will be suggested, but it is quite well understood that all of them will be voted down unless proposed by the committee on finance, with which the bill originated. The Democrats count upon getting all the Democratic, Populistic and Silver Republican votes, except those of Senators Caffery and Lindsay, gold Democrats, for their free coinage amendment, but they will still fall far short of the necessary number. No one doubts the passage of the bill by a large majority on the final vote. Senator Aldrich says he counts upon a majority of 20 or 22 votes. The opposition do not concede so many, but admit that the total against them is formidable.

#### Program in the House.

Washington, Feb. 12.—The time of the house will be completely occupied this week. First, under the rules, will be considered business relative to the District of Columbia. On Tuesday the legislative, executive and judicial appropriation bill, which will be reported to the house, and will then be taken up.

It is expected to consume Tuesday and Wednesday, and on Thursday the house will enter upon a week's discussion of the Porto Rican tariff bill. This measure, as the entering wedge in the matter of legislation for our insular possessions, naturally attracts much attention, and there has already developed great pressure for time, especially upon the Democratic side, so that it is probable that night sessions may be held toward the close of the debate next week.

#### Liquor at Manilla.

Washington, Feb. 12.—Captain F. M. Wells, chaplain of the First regiment of volunteers, who has just returned from the Philippine islands, spoke in Garfield Memorial church under the auspices of the W. C. T. U. on the liquor question in the Philippine islands. He declared that since the Americans took Manilla 400 places where liquor is sold had sprung up in Manilla, while before the Americans came to the islands Manilla had only three saloons. The Filipinos, he asserted, spoke well of the American soldiers, save that they said the Americans were "bad people" when they had drunk too much liquor.

#### The Hawaiian Bill.

Washington, Feb. 12.—Representative W. S. Knox (Mass.), chairman of the house committee on territories, has completed his report upon the bill for the creation of the territorial form of government in Hawaii, and it will be submitted to the house at once. The report is a very voluminous document of 108 pages, going exhaustively into all the questions involved, and thoroughly covering every phase of the bill which the committee has agreed upon, after many hearings and much investigation.

#### Anti-Trust Law.

Toronto, Ont., Feb. 12.—The Ontario cabinet was interviewed by a strong deputation, which asked that the government should prohibit the exportation of tan bark cut on crown lands. The premier assured the deputation of his intention to protect as far as possible the use and manufacture in this province of its native raw materials. The government has practically decided to prohibit the exportation of hemlock bark.

## IT DID NOT WORRY HIM

Molineux Rests Well After Being Found Guilty of Murder.

### JUROR TELLS ABOUT THE VERDICT.

They Were of One Opinion From the Start That the Nervy Defendant Was Guilty of the Heinous Crime.

New York, Feb. 12.—Roland B. Molineux, convicted of the murder of Mrs. Katherine J. Adams, was said by Warden Hagan to have slept as calmly, Saturday night, as he did on any other night since his incarceration in the Tombs, beginning nearly a year ago. The verdict of the jury, pronounced late Saturday night, the warden said, did not seem to have in the least affected Molineux, so far as his outward appearance was concerned. The warden said that Molineux's appearance is in striking contrast with that of other prisoners who had been in his charge and who had within the last three years, been convicted of murder in the first degree. He arose at the usual hour, took exercise for one hour in the prison yard and the usual breakfast supplied by the prison caterer, and then read with apparent composure the morning newspapers, after which he attended the usual Sunday services. The only calmer was his grief-stricken and venerable father, who has not yet given up hope, and expects that the higher courts, which will be appealed to, will free his son. During the day young Molineux remained in his cell in murderer's row.

### Scenes In Jury Room.

New York, Feb. 12.—The Molineux jury spent a quiet Sunday. One juror said: "If I were going to write as a reporter about it, I would probably commence by saying the jury was a unit upon the guilt of the defendant; that one, two or perhaps three of them, however, thought it well to go through the case, discuss the various phases of it, and see if the evidence beyond a reasonable doubt would warrant such a verdict. I would probably explain the length of time the jury was out by this: That by the time the two or three particularly interested men in reviewing the case had gone over it with great care, assisted by careful notes, and the remainder of the jurors made a few comments, nine hours were consumed.

"I understand there was much conjecture as to why the jury did not go to lunch after the charge as expected, and as a reporter, I should attempt to explain that by saying it was discovered almost immediately after they reached the room, while discussing whether to go to lunch or not, that all were of one mind, and each thought the whole matter could be finished in probably an hour at the most, and in order to get to their homes quickly they decided to forego the lunch, and got along on the sandwiches. I don't think I would have much balloting in my version, probably a preliminary and final after the discussion."

### Ontario and Raw Material.

Toronto, Ont., Feb. 12.—The Ontario cabinet was interviewed by a strong deputation, which asked that the government should prohibit the exportation of tan bark cut on crown lands. The premier assured the deputation of his intention to protect as far as possible the use and manufacture in this province of its native raw materials. The government has practically decided to prohibit the exportation of hemlock bark.

### To Centralize Tool Plants.

Pittsburg, Feb. 12.—Negotiations are in progress for the purchase of 100 acres of land on the Ohio river, a mile below Steubenville, Ohio, by the American Ax and Tool company, the purpose being to centralize the many widely scattered plants of the concern at that point. The largest plants of the company are at Beaver Falls, Pa.; Millvale, Pa.; Albany, N. Y.; Portland, Me., and East Douglass, Mass.

### Shot His Sister.

Chillicothe, O., Feb. 12.—A distressing accident occurred at Newington. August, the 7-year-old son of Peter Hurley, found his father's shotgun under the bed and began to play with it. As a result it was discharged, the entire load entering the right thigh of Dora, an 11-year-old sister. She can not recover.

Columbia, S. C., Feb. 12.—Frank B. Gray, speaker of the house of representatives, and Representative T. F. Brantley received a dispatch from Mr. Bryan stating that he would speak here

## Evening Bulletin.

DAILY, EXCEPT SUNDAY.  
ROSSER & McCARTHY,  
Proprietors.

MONDAY, FEBRUARY 12, 1900.

WEATHER FORECAST FOR KENTUCKY—Cloudy and western winds; rain in eastern portions to-day; rain and colder Tuesday; southerly winds.

THERE is just as much of an insurrection at Frankfort now as the day Mr. Taylor dispersed the Legislature at the point of bayonets. He presumes now to order the lawmakers back to the State Capital.

MR. TAYLOR will probably find out in the course of time that a Governor can't order the Legislature about over the State as he pleases. In his mind the Legislature is simply an instrument in the Governor's hands to be used and driven about as he may see fit. We said during the campaign that Taylor was an ignoramus, and his late actions are convincing proof to that effect.

### PEACE AGREEMENT REJECTED.

After parleying over that "peace agreement" nearly a week, Mr. Taylor Saturday afternoon finally decided to reject it.

Such prominent Republicans as Judge Barr, Hon. Augustus E. Willson, Gen. Dan Lindsey and David W. Fairleigh acted for their party in framing this agreement, and it is stated that they were authorized, by Taylor himself, to do so. He rejects their advice, however, and in doing so listened to the appeals of other Republicans and a lot of Brown Democrats whom he summoned to Frankfort Saturday.

Following the rejection of the agreement Mr. Taylor issued a proclamation calling the Legislature back to Frankfort, and ordering most of the troops to their homes. It is stated, however, that three or four companies, the Maysville included, will remain at Frankfort as a "guard."

It is given out that the Democrats who compose a majority of both branches of the Legislature will pay no attention to Mr. Taylor, not recognizing in him any authority to adjourn the Legislature from place to place at his pleasure. The Legislature will it is said continue to meet in Louisville until every bayonet has been withdrawn from about the Statehouse. In this the Democrats are right. There never has been any good excuse for calling out the State Guard and the Legislature should authorize suit to be instituted against Mr. Taylor and his bondsmen to recover every cent of public funds expended for troops.

In rejecting the "peace agreement," Taylor and his new advisers were evidently actuated by purely political motives; they, no doubt, felt that the Republican party would thus be left in a better position for future campaigns than it would be, had the agreement been signed.

The contests now pending will be fought out before the proper tribunals, and it is to be hoped that a peaceable adjustment of all the troubles will soon be reached.

### The Kentucky Democracy.

The Democrats are to be congratulated for their moderation and conservative conduct during these trying days in Frankfort, Ky. If ever a party had occasion to lose its head and turn itself into a mob the revolutionary and unjustifiable as well as the unconstitutional proceedings of Governor Taylor, of Kentucky, have given that occasion. But up-to-date violence, anarchy and revolutionary methods have all been chargeable to the Republican leaders.—Seattle Times.

The actions of the Kentucky Democrats during the excitement of the past month have been in striking contrast to those of the Republicans, and the contrast will go a long way toward making it impossible for Kentucky to ever go Republican again.—Butte, Mont., Miner.

### A GRAND ARMY POST

Adopts a Resolution On the Assassination of Governor Goebel.

The J. J. Landrum Post, Grand Army of the Republic, of Mt. Olivet, of which Judge O. S. Deming, one of the leading Republicans of the State, is Commander, has unanimously adopted the following resolution, offered by Judge Deming, on the assassination and death of Hon. William Goebel:

Whereas, Senator Goebel was, on the 3rd day February, 1900, shot and murdered by a cowardly assassin in the city of Frankfort, Ky.; therefore, be it

Resolved, That the members of the J. J. Landrum Post, G. A. R., No. 162, deeply deplore this dastardly act, and hereby give expression to our sincere condemnation of the awful crime, and in expressing our desire that the assassin may be apprehended and punished as his horrible crime demands we believe we echo the sentiments of every Grand Army man in the United States.

BORN, to Mr. and Mrs. J. A. Lobnitz, of Forest avenue, a son.

### CHANGED HIS OPINION.

A Presbyterian Preacher Who Probably Regards He Voted for Taylor.

[Munfordville News.]

Dr. Browne, of the Presbyterian Church, preached two very able sermons at this place last Sunday. In his morning sermon he referred to the political situation in Kentucky, and expressed his desire that matters might be brought to a speedy and peaceful settlement. After his sermon in the evening he again referred to the political situation, very forcibly on the existing state of affairs.

He began by defining his position during the last election, stating that he had favored the election of Mr. Taylor on the grounds that he believed him to be a clean, good man, but since that things had transpired at the instigation of Mr. Taylor that had placed a different version upon the situation.

He further stated that the Constitution and laws of Kentucky had been violated by Mr. Taylor and his advisers in a manner that could not be indorsed by the law-abiding and Christian people of the Commonwealth.

He counseled a peaceful settlement of affairs of State and a strict obedience to the law.

### Brought It On Himself.

[Minneapolis Times, Ind.]

If Taylor is ousted he can thank his own headlong and unjustifiable action when the assassin's bullet precipitated a crisis. He had no justification, in law or equity, for his arbitrary use of the State guard in preventing legislators from assembling, in regular session, in the State Capitol. To put it tersely: Gov. Taylor made a bad break and has lost the sympathies of outside Americans—sympathies which, before his arbitrary action, were his in large measure.

EX-MAYOR McCARTHEY, of Pittsburgh, died a few days ago. He resided in Maysville at one time. His wife was Miss Nannie Wood.

### Red Hot From the Gun

Was the ball that hit G. B. Steadman, of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures cuts, bruises, burns, boils, felonies, corns, skin eruptions. Best pile cure on earth. 25 cents a box. Cure guaranteed. Sold by J. J. Wood & Son, druggists.

### River News.

There was a stage of nearly twenty feet at Pittsburg Saturday.

Another run of coal has been started out of the Kanawha for Cincinnati and points below.

The Sunshine, coming up the river, was caught in a windstorm and her smoke stacks blown down, at a point near Cairo.

The Queen City passed down Saturday morning at 10 o'clock with an immense trip. One item of her freight was 12,000 kegs of nails.

Captain George Edgington, owner of the steamer Pearce, is in Pittsburg negotiating with Captain John F. Klein for the charter of the steamer Mayflower. Captain Edgington desires the boat for two months to ply in the Portsmouth and Cincinnati trade until the Pearce gets her new boilers. The M. P. Wells is too small to attend to the Pearce's business.

The big Joe B. Williams left Louisville on her last trip for New Orleans with forty loaded coal boats, besides two barges of rails. The tow was about 300 feet wide, 1,000 feet long, not counting the towboat, and drew eight feet of water. There was only thirteen feet of water at Cairo when the tow passed Cairo going down, and she found shallow water and a narrow channel at Pt. Pleasant, where she wrecked her tow.

### THAT "PEACE AGREEMENT."

Full Text of the Document Prepared by the Louisville Conference of Democrats and Republicans.

1. That should a resolution be passed by the General Assembly during its present session in joint session of the two houses declaring that the action heretofore taken by the General Assembly did invest William Goebel with the title to the office of Governor of this Commonwealth on the 2nd day of February, 1900, and did invest J. C. W. Beckham with the title to the office of Lieutenant Governor of this Commonwealth as of said date, the contestants, William S. Taylor and John Marshall, shall not dispute the said titles respectively.

2. That should the General Assembly pass the resolution stated in the foregoing paragraph, immunity shall be extended to all persons from all accusations growing out of political acts done pending the contests for the offices of Governor and Lieutenant Governor.

3. That all legislative action by the present General Assembly shall be postponed until Monday, February 12, 1900, except only such steps as may be necessary under the Constitution to make lawful adjournments.

4. That the Board of State Election Commissioners, sitting as a Board of Control, shall postpone all of its proceedings until Tuesday, February 13, 1900, or until such later date as it may determine: Provided, it may in the meantime meet and adjourn if it shall determine that such meetings are necessary and expedient.

5. That it is earnestly recommended to both parties that in the consideration and determination of all pending and undetermined contests for the offices of Representatives and Senators, all partisan considerations shall be eliminated as far as may be; but this provision shall not be regarded as anything but a recommendation.

6. That the present General Assembly shall provide an absolutely fair and non-partisan election law, which shall secure to the voter the fullest measure of protection, to the end that he shall have the fullest liberty to cast his vote without let or hindrance and have it counted as cast, and shall secure to the officers of election the fullest protection in the discharge of their duties.

7. That as soon as possible from this date the State militia, now on duty at the seat of Government, shall be withdrawn and sent to their homes, due regard being had for the preservation of the public peace.

The Subject of a Lively Debate by the Limestone Club Last Friday Night.

At the meeting of the Limestone Debating Club in the Sixth ward last Friday night the question, "Resolved, That the Boers are right in their struggle with the British," was ably discussed.

Messrs. Taylor, Pollitt and Dryden were the speakers of the evening. Mr. Taylor made an earnest appeal for the co-operation of the citizens of Maysville in this work, and Mr. Pollitt showing that the Boers are not fighting upon the same principles that the American colonies did in 1776. Mr. Dryden in eloquent tones closed the discussion, showing the oppression of the Boers.

The judges rendered the decision in favor of the affirmative.

Mr. G. N. Harding made an encouraging speech for the club. The members wish to extend thanks to Councilman Hutchison for the use of his rooms.

## PITHY POLITICAL POINTS.

William J. Goebel died Governor of Kentucky.

Doubtless whisky nerved the arm of Goebel's assassin.

The fate of Governor Goebel was mapped out for him by the Republican press.

We would immeasurably prefer the fame of Goebel dead to that of Taylor living.

Shame should mantle the cheek of every Republican because of the assassination of Goebel.

The Republican party has now added to its load the most infamous act of modern times in the assassination of William J. Goebel.

The hatred and envy of the whole Republican party in Kentucky was centered upon the head of poor Goebel, and it's not strange that it bore its legitimate fruit.

The deserting Democrats got among the Republicans just in time to get a share of the glory in the assassination of Governor Goebel.

The Boers don't seem to regard the lords and masters sent there any more than they would a plain general, as they use the same argument with all.

Some in this country seem almost as much chagrined and humiliated at British reverses as the latter themselves do. True Americans can stand them though.

Republicans who hated the English heartily on account of their attitude in the war between the States now applaud her in her war of oppression in South Africa. Here's consistency for you.

The Prince of Wales has never been found fit for anything but to spend the millions wrung from the sweat and blood of the people. He might be used to advantage now in stopping bullets in South Africa.

The English claim the Boers are hypocrites because they pray and sing psalms before going into battle. George Washington and Stonewall Jackson prayed on such occasions and no one ever called their sincerity in question, we believe.

### Forcible Facts.

One-sixth of the deaths from diseases are due to consumption. Ninety-eight per cent. of all those who have used Dr. Pierce's Golden Medical Discovery for "weak lungs," have been perfectly and permanently cured. Cornelius McCawley, of Leechburg, Armstrong Co., Pa., had in all eighty-one hemorrhages. He says: "My doctor did all he could for me but could not stop the hemorrhages, and all gave me up to die with consumption." What doctors could not do "Golden Medical Discovery" did. It stopped the hemorrhages and cured their cause. This is one case out of thousands. Investigate the facts.

Free. Dr. Pierce's great work, The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for paper covered book; or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

### CINCINNATI TOBACCO MARKET.

Stocks Very Low and Yet Prices Are Easier Than When the Supply Was Much Larger.

Actual sales year to date	7,465	7,127
Receipts year to date	6,730	6,680

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

The best of reasoning fails in judging a market, and this seems to be the case in leaf tobacco to almost a greater extent than in any other staple. Stocks of old tobacco are unprecedentedly light; the new crop hardly of average size, the offerings small, and yet prices are easier than they were when stocks and offerings were much larger.

The prices of new tobacco are about as they were last week, with the exception of the best grades. Though many hogsheads sold up to 14c., 15c. and 16c., the sales in general, of this kind, were not satisfactory, and there was quite a number of rejections.

It was rather a gloomy week, with not a day of sunshine, and the light was poor for selling tobacco nearly all the time.

In old tobacco we could not see much change, except in color lugs, which sold higher. The offerings were considerably lighter than the previous week. All the buyers were in attendance. The demand seemed fair, but there was not much snap in the bidding. However, the market closed much stronger than it opened.

The fact that a large proportion of the crop is in the hands of dealers, at figures rather too high for the present market, may induce a great many to redry their purchases, and this will curtail the break sales in the near future.

### Letters Rifled.

Athens, Ga., Feb. 12.—The postoffice was burglarized. Every letter in the office was opened. It is not known how much money was secured. Several bank checks were found on the floor. The stamps and registered letters were in a safe and were not molested.

### Leak in the Gas Pipe.

Chicago, Feb. 12.—Martin Jordan, an engineer, his wife Mary, and their 5-months-old boy, were asphyxiated by gas in their home. The bodies of the three were found. A leak in the gas pipe in the basement deluged the house with gas.

### Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. J. Wood & Son, druggists, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.
